D5NR Welcomes New Director of Auxiliary

From D5NR Website

CDR Scott Rogerson is a native of Carmel, CA. He is a 1989 graduate of the U.S. Coast Guard Academy in New London, CT, where he earned a B.S. in Applied Science, and a 1995 graduate of the Naval Postgraduate School in Monterey, CA, where he earned an M.S. in Meteorology and Physical Oceanography. He has served aboard three Coast Guard Cutters, including command of an 82' patrol boat in San Francisco, CA and a 110' patrol boat in Portland, ME. He taught meteorology and oceanography at the U.S. Coast Guard Academy from 1997-2001, and served as Deputy Commander of International Ice Patrol in Groton, CT from 2001-2004. His personal awards include three Coast Guard Commendation

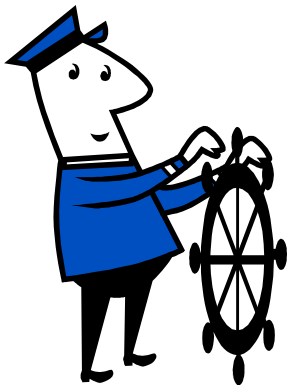

Medals and one Coast Guard Achievement Medal. He is married and has a son, enjoys running and golf, and was active in his church in Connecticut, where he served as a Deacon, as the Church School Superintendent, and as a member of the Pastoral Search Committee.

The Coast Guard Auxiliary, 5NR, welcomes CDR Rogerson and wishes him calm seas and fair winds during his tour of duty in Philadelphia.

Flotilla 12-02 received the National Award for Marine Dealer Visitations for 2003. They also received this award in 2002!

Message From The Division Captain

I wish to thank all of you for the support that you have given me over the past two years. I would not have been able to do my job if it were not for your dedication and service to the Auxiliary.

We had a good two years together. In 2003, we received the Director's Administrative Award for Division 12. We were the only Division in District 5 NR to receive this award. Each Flotilla has many strengths of their own that have

contributed to the success of the Division. In 2003, we achieved four out of our five goals. In 2004 we are working on achieving or surpassing our goals once again.

Please continue your support to the newly elected officers. I know they are well qualified and will do an excellent job.

~Elaine Gilgenast, DCP 12 5NR

Boat Crew Qualification Information

From NOGIS Issue 3-04

The Operations Workshop and TCT Training are mandatory requirements for **ALL** participants in the Boat Crew Qualification Program. Members who have not taken an OPS Workshop or have had the required TCT training respective to their qualification were set to REWK status in the AUXDATA program on 15 Jul 2004. Any member who does not have this activity recorded by 31 Dec 2004 will be set to REYR status on 01 Jan 2005.

Policy must be adhered to regarding the performing and recording of activity for **ALL PROGRAM** participants who are in **REWK** and **REYR** status. Only **after** DIRAUX has set a

member's qualification status to current, may the member perform as lead or non-lead. Until that time, the member may **ONLY** perform as a **TRAINEE**. This is a policy and liability issue. Please direct all concerns to the BCQP Coordinator, Lee Crossman.

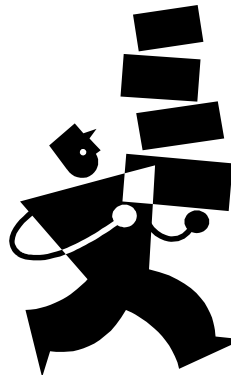

Changing Your Personal Information In AUXDATA

From NOGIS Issue 3-04

All Auxiliary members have access to AUXDATA. This access allows capability to change your personal information. A special PowerPoint presentation has been developed as a step-by-step guide through the process. The presentation is available on the National Auxiliary Website under the Information & Communications Department in the "How To" Library:

<http://www.cgaux.org/cgauxweb/infoserv/IDept.html>

Log-on and password instruction can be obtained by your SO/FSO-IS.

It is very important that correct member information is entered into the right fields. AUXDATA is a main tool that is utilized by the Security Center to complete the personnel Security Investigation process. Inaccurate information will cause a delay in this process.

Remember that you can always submit ANSC Form 7028 to your FSO-IS officer if you have any changes to personal information.

You can submit ANSC Form 7028 if you have a change of address, phone number, email address etc... to your FSO-IS officer.

AUXDATA Refresher

From NOGIS Issue 3-04

Some key points to remember about the AUXDATA process:

All members have access to change their personal information. Log-on and password information is to be obtained from the SO/FSO-IS.

LEAD members are to forward activity reports to the respective FSO-IS for review. OPS-3A/B must accompany the ANSC-7030 form for data entry of the currency maintenance tasks. The registration number of the OPFAC must be listed on the forms.

FC must forward only **completed initial qualification** packages to DIRAUX. Data entry must be verified by the FC before any endorsement is made or DIRAUX will not process the mem-

ber's qualification.

FSO-IS is to ensure all forms are properly completed and ensure that they are forwarded to the SO-IS promptly.

SO-IS is to enter all data as indicated on forms and all discrepancies are to be returned to the sender.

SO-IS is not permitted to enter data for any member in REYR or REWK status unless the position is entered as TRAINEE. Note: **THERE IS A FLAG INDICATOR TO WARN THE SO-IS OF THE MEMBER'S STATUS IF IN ARREARS.**

FC or SO-IS shall send e-mail notification to DIRAUX to reset member's qualifications.

THE AUXILIARY MANUAL

The Auxiliary Manual should be distributed to all Auxiliary Members in October.

Directory Of Services

From NOGIS Issue 3-04

The Directory of Services of the Coast Guard Auxiliary is a guide for the reader to become acquainted with the capabilities of the Coast Guard Auxiliary and its members. It lists the Auxiliary State Liaison Officers for each district as well as Coast Guard District information. It is a great reference document for new and experienced members alike. The directory can be found on the National Auxiliary Web site under the Boating Department:

Vessel Safety Check Program

Alfred O Grimminger, SO-VE 12, DSO-VE (5NR)

Division 12 is one of the top performers in the District for Vessel Safety Checks with a total of 1514 VCS' reported. This puts the Division above its 2004 goal. The Division is the second highest performer in the District thanks to everyone in the Division for all of the hard work they have been doing to promote this important program.

The Waterway Watch program is a powerful tool to get information out to the boating public about how they can become involved in maritime domain awareness and homeland security.

Waterway Watch Update

From NOGIS Issue 3-04

The final pieces that will enable you to expand our public outreach in Maritime Domain Awareness, the Auxiliary's Waterway Watch program, are now available.

The Waterway Watch pamphlet is available from ANSC - Product number 3024. The Waterway Watch weatherproof vinyl stickers are also available from ANSC - Product number 3024a. You are encouraged to give the pamphlets out during public education activities, while doing vessel safety checks and include them in the materials distributed to our RBS partners.

The weatherproof vinyl stickers should be on every boat you encounter...they're our "neighborhood watch on the water" and will enable boaters to demonstrate their support of Maritime Domain Awareness and Homeland Security. The stickers should be given out to any boater receiving a VSC and dis-

tributed at boat shows and in public education classes as well. Also, don't forget to download from the E Department site the updated opening sessions for ABC, BSC and BS&S...all of which include a brief introduction to Waterway Watch.

Every Flotilla in the country will be receiving both a DVD and VHS tape in the next few weeks that tells the Waterway Watch story to our members as well as the general public. This 14 minute video should be used both for member training as well as in public venues. If you want to preview the video you may do so at

www.cgauxed.org/waterway/waterwaywatch.aspx

This is YOUR program and provides a powerful set of tools for you to get the Waterway Watch message to the public.

Creed of the United States Coast Guardsman

(written by VADM Harry G. Hamlet, USCG)

I am proud to be a United States Coast Guardsman.

I revere that long line of expert seamen who by their devotion to duty and sacrifice of self have made it possible for me to be a member of a service honored and respected, in peace and in war, throughout the world.

I never, by work or deed, will bring reproach upon the fair name of my service, nor permit others to do so unchallenged.

I will cheerfully and willingly obey all lawful orders.

I will always be on time to relieve, and shall endeavor to do more, rather than less, than my share.

I will always be at my station, alert and attending to my duties.

I shall, so far as I am able, bring to my seniors solutions, not problems.

I shall live joyously, but always with due regard for the rights and privileges of others.

I shall endeavor to be a model citizen in the community in which I live.

I shall sell life dearly to an enemy of my country, but give it freely to rescue those in peril.

With God's help, I shall endeavor to be one of His noblest works...

A UNITED STATES COAST GUARDSMAN.
